Student Resource Scheme

Parents and Carers are directly responsible for providing textbooks and other resources for their children while attending school. A Student Resource Scheme (SRS) enables students to temporarily use textbooks and other equipment. It is designed to reduce costs through bulk purchasing, and as such is not considered to be a deterrent for students enrolling at our school. The Student Resource Scheme operates under the policy and guidelines of the Department of Education. The Scheme is voluntary, however, if you do not join the scheme you are responsible for providing all texts and resources for your child. The school's fees have been endorsed by the School Council.

Endorsement

This finance policy, including the management of the Student Resource Scheme (SRS), is endorsed by the Senior Leadership Team of Bray Park State High School. The policy ensures the responsible and transparent management of financial resources in alignment with the Department of Education Queensland's policies, including the Student Resource Scheme (SRS) Policy and Procedures.

The SRS is designed to provide students with essential resources at a reduced cost, ensuring equitable access to high-quality educational materials. This policy outlines Bray Park State High School's approach to managing the scheme, including fee collection, payment plans, and compliance with the Financial Accountability Act 2009 and Departmental guidelines.

This policy has also been formally endorsed by the Parents and Citizens' Association (P&C) of Bray Park State High School, reflecting the community's support for transparent financial governance and the effective use of funds to enhance the learning environment for all students. The P&C's endorsement signifies their commitment to ensuring all stakeholders, including parents and carers, are consulted and engaged in financial decision-making processes.

Together, the endorsement by the Senior Leadership Team and the P&C demonstrates Bray Park State High School's dedication to ethical financial practices, ensuring public funds and SRS contributions are managed with integrity and accountability in the best interest of students.

School Refund Policy

Refunds for Excursions and Camps

At Bray Park State High School, we are committed to providing a safe and supportive learning environment for students, staff and volunteers. This commitment includes the health and safety of staff and students when conducting curriculum activities in the school or in other locations. School excursions and camps enhance a student's learning by providing opportunities for the student to participate in activities, both curriculum-related and recreational, outside the normal school routine. All planned school excursions are approved by the Principal and endorsed by the School Council.

State schools are able to charge a fee for:

- An educational service including materials and consumables not defined as instruction, administration and facilities for the education of the student;
- An education service purchased from a provider other than the school where the provider charges the school; and
- A specialised educational program.

A school fee is directed to the purpose for which it is charged. School fees for excursions and camps are calculated on a cost recovery only basis, according to the number of students who have indicated their attendance. Participation of students in an excursion or camp is indicated through payment of the excursion or camp fee and provision of a permission form completed by the parent/carer.

As the school budget cannot meet any shortfalls in funding for an excursion or camp due to the subsequent non-participation of a student who had previously indicated attendance of the activity, fees already paid for an excursion or school camp may be refunded in full or in part or not at all, having regard to the associated expenses incurred and the circumstances of the non-participation. For a full refund, please be advised that notification of non-attendance must be received 14 days prior to an excursion and 21 days prior to a camp. After this time, student numbers are confirmed with external providers and fees paid are non-refundable.

Participation in School Sport is considered a school excursion and participation fees are charged on a cost recovery basis. For a full refund, please be advised that notification of non-attendance must be received 14 days prior to the sporting event or the first game if the excursion includes a series games/activities. After this time, student numbers are confirmed with external providers and fees paid are non-refundable. Your excursion note will outline the fee payment and the required dates of participation.

Fees are calculated as close as possible to the expenses related directly to the excursion/incursion/camp but at times a deficit or surplus of funds can occur. With the support of the school's Parent and Citizens Association, in the event of this occurring where the amount is under \$5.00 per student the funds will be redirected into a special project budget with projects to be approved by the School Council; when there is a deficit the program area will cover the shortfall from their individual faculty budgets.

In the event that there is a surplus greater than \$5.00 per student but less than \$20.00 the amount will be applied to the student's account as a credit. These funds can then be applied to outstanding school fees or future excursions. In the event that an excursion is cancelled and a surplus greater than \$20.00 per student is

generated, parents will be notified in writing and provided the option to request a refund or credit the amount to the student account for future excursions or fees.

If a parent/carer wishes to apply for a refund due to their child's non-participation in an excursion or camp activity or a surplus from a previous excursion, they may do so by completing a Request for Refund form available from the school office. Where possible, the request should include the receipt relating to the payment for which a refund is being sought.

Refunds for School Fees

The school is notified of a student leaving through the completion of a student clearance form. All refunds will be processed within 21 working days (excluding school holidays) upon receipt of the student clearance form and the return of all school resources. Resources may include; laptops, chargers, library books, musical instruments. Any lost or negligently damaged items will be charged to the parent prior to the completion of the refund.

Student Resource Scheme (SRS) & Government Text Allowance

The SRS is refunded on a pro-rata basis to the parent of a student who, having paid a participation fee, leaves the school through the year. The pro rata refund is calculated on the participation fee paid, less the cost of consumed materials and the replacement cost of scheme items that are lost or negligently damaged or not returned, plus the pro rata textbook and resource allowance calculated on the basis of a 40-week school year. Please refer to <http://ppr.det.qld.gov.au/corp/finance/services/Pages/Student-Resource-Scheme.aspx> for further information concerning SRS State Government policy.

User pays (subject fees)

User pays subject costs are refunded in full, pro-rata or not at all depending on the type of expense and the left date of the student. Excursion user pays are refunded in-line with the excursion and camp refund policy. All excursions that are yet to run and have not yet had numbers confirmed (more than 14 days prior to event) will be refunded in full. All excursions will be refunded in full if non-attendance is notified 2 weeks prior to the event.

Consumable charges are refunded on a pro-rata basis to the parent of a student who, having paid a user pays fee, leaves the school through the year. The pro rata refund is calculated on the participation fee paid, less the replacement cost of scheme items that are lost or negligently damaged or not returned. Refunds are calculated on the basis of a 40-week school year.

Subject fees are charged in full/ refunded in full, if changes are made within the first two weeks of the year (for full year charges) and within the first week of each semester (for semester charges).

Subject fees are not payable if students commence within the last two weeks of the school year. Students who leave within the last two weeks of the School year will not receive a pro-rata refund of subject fees.

It is important that Year 11 and Year 12 students plan their QCE program carefully, as subject changes at a later date may be very limited and restricted by QCAA rules. Specifically, students may only change a subject:

- in the first three weeks of Unit 1 and Unit 2;
- at the end of Unit 1 and Unit 2;
- if there is space in the class;
- if the change is supported by the Guidance Officer, Deputy Principal and parent.

Subject changes in Senior are not possible at the end of Unit 3 as Units 3 and 4 are studied as a pair. Should Year 11 and Year 12 students change subjects after our cut off dates, the original subject will be charged as well as the new subject.

Bring your own device (BYOD)

The BYOD fee is a fee charged upon connection of home devices to the school network. The fee is non-refundable after the initial network connection has been activated.

Certificate Courses

The school will offer certificate courses through external providers from time to time. Please select these subjects carefully and review the providers refund policy closely. The school can only provide refunds based on the policy of each provider. Many providers have 'no refund' policies or have short timeframes to notify non-participation/cancellation of enrolment.

The school may offer certificate courses internally from time to time. Students will need to have paid the RTO fees before starting their chosen course. Please select these subjects carefully as there will be no refunds offered once the course has commenced.

Discounts for multiple children attending our school

At our school, we are always looking for ways to provide the best possible experience for all our students. As part of our ongoing efforts to ensure fairness and sustainability, we've made the decision to no longer offer discounts for multiple children attending. This change allows us to maintain the quality of our programs and resources, ensuring that every child receives the same level of support. We understand this is a shift, and we appreciate your understanding as we continue to focus on delivering the best education for all of our students.

Finance Timeline

DATE	FINANCIAL PROCESS
Week 5, term 4 (2025)	SRS & BYOD is invoiced to allow for online payments to occur.
Week 10, term 4 (2025)	Timetable is finalised. Students are timetabled into their primary or secondary subject preference. In the unlikely event they are not able to be timetabled into either selection, students will be contacted to make a new selection.
Week 4, term 1 (2026)	Subject fees are invoiced
Week 6, term 1 (2026)	Statements mailed home
Statements for the year: after term 1, statements will be produced in week 4 and week 8 of each term.	In week four of each term a full mail run of statements will be issued. In week eight an email statement run will be sent to all parents.
Week 4, term 4 invoice for Registered Training Organisations (RTO) fees	Year 10 students will need to have paid the RTO fees before starting their chosen course.
Week 4, term 3 invoice for units 3 & 4	Year 11 students will be charged for units 3 & 4 in Term 3 for textbooks to be ready at the start of Term 4.
