CHAPLAINCY SERVICE FORM

MISSION STATEMENT

The Bray Park State High School Chaplaincy Service provides a Christ motivated presence within the school community for the purpose of care and education being accountable to the school body and the local churches.

The Chaplaincy service at Bray Park State High School is comprised of volunteers and one paid staff person. The paid person or CHAPLAIN coordinates and delivers most of the Chaplaincy service to the school community.

The Chaplain’s current involvement in the life of Bray Park State High School is through:

Pastoral Care: The Chaplain is part of the school’s support network, and is available to help people with problems such as grief, illness, school issues, relationships, etc.

Religious Information: The Chaplaincy team is involved with providing religious information for Christian students if needed.

Occasional Breakfast: Offered to students and teachers every fortnight by P&C, local churches and businesses.

Building relationships: The Chaplain and team members also assist on excursions and camps. The Chaplain acts as liaison between the school and local church and youth organisations, advertising events, camps and activities.

The Chaplaincy service is coordinated by a Local Chaplaincy Committee, is endorsed by Education Queensland and is representative of the interested parties; local churches, parents, teachers and students. This committee meets monthly to discuss the service, evaluate, set goals and pray. The Chaplaincy service is funded by donations from churches, individuals and the P&C.

“of course adolescents feel insecure; of course adolescents have difficulty in coping with the momentous changes which are occurring in their lives; of course adolescents are fearful of the future, because they realise that the time has come to stand on their own two feet.”……Hugh Mackay, Reinventing Australia
